

# Elenco Emirates Group

*Meticulous in planning, Perfect in execution*

Since 1968

[www.elencogroup.com](http://www.elencogroup.com)

At the northeast end of the Arabian Peninsula on the Arabian Gulf, in the heart of the United Arab Emirates, 1968, Elenco Emirates Group was formed.

The vision of a dynamic and sagacious individual who always had the determination of being the pioneer in an era of unprecedented development, lead Elenco Group to become a major business conglomerate engaged in multifarious activities across the seven emirates.

**Quotes in the memory of the father of our nation, his Highness Sheikh Zayed Bin Sultan Al Nahyan**

“Wealth is not money. Wealth lies in men. This is where true power lies, the power we value. This is what has convinced us to direct all our resources to building the individual, and to using the wealth which God has provided us in the service of the nation”

“Education is like a lantern which lights your way in a dark alley”

“He who does not know his past cannot make the best of his present and future, for it is from the past that we learn”.

## Our Mission

**“Meticulousness in planning, Perfection in execution”**

*To touch down on ultimate client satisfaction and expectations while simultaneously adhering to time lines and schedules, it takes strict pinpoint procedures and planning to assure the perfect level of execution that we strenuously strive for.*

## Our Vision

**“To ameliorate every project we participate in, leaving a mark of success across the regional belt of the United Arab Emirates”**

We always aim to provide the highest of quality, the most efficient and reliable products and services are delivered by professionally Trained staff that are adaptive with the changing technologies and market demands to provide the best solutions and a perfect execution.

*“What got us here today is the trust we have established with our clients throughout these many decades. We execute every project as if it is our first with the optimum level of care and a constant aim towards perfection. Our main achievement throughout is the name we have today and our goal is to maintain it. Trust, transparency and efficiency are the core elements of every successful organization and are the reason that had us accomplish the number of projects we have accomplished today”*

# Our Policy of Quality

The principal of our Quality Policy is the guideline we follow across all our divisions to achieve and maintain the optimum level of client satisfaction through; Providing world class products approved by ISO9001, CE, NSF, VDE that are renowned for modularity, sturdy construction, hygiene, ease of operation, flexibility and compliance with safety standards.

Compliance with international norms in installation and other quality assurance standards demanded by local laws and regulations.

We assure being up to day instead of up to date with all the new technologies and products that can make our clients experiences easier, safer and more efficient. Staff development with trainings, attending seminars and exhibitions domestically and internationally to achieve the full potential of every individual in the group. Head hunting the most qualified for recruitment to aid our mission.

# About us

## Domestic and commercial kitchen and laundry equipment

At ELENCO, our aim is to give hundreds of chefs a better working environment by offering a range of over 5000 products for food preparation, cooking, ventilation systems, refrigeration, dishwashing, bakery and laundry.

The complete range of internationally renowned names we distribute is designed to make the experience easier yet better. Our cutting edge is our ability to deliver better solutions with more reliable products and a more efficient after-sales service, based on a simple but fundamental policy: No problem is too big, no customer is too small.

Being a quality conscious organization, we lay great emphasis on the quality and have directed our efforts towards maintaining high quality standards in our range of products. We have a determined quality policy of fulfilling customer requirements in all areas of our activities. We guarantee to adhere to the most up-to-date quality standards in the field in order to deliver the international quality range of our Scope

Our quality test engineers are equipped with all the necessary facilities that are vital to conduct various stringent quality checks on our product range. They check and test the entire production process on various predetermined parameters to prevent any kind of manufacturing defects and also to ensure that excellent products are delivered to our esteemed customers

Customer satisfaction is our utmost focus and we follow stringent quality management system practices to ensure the same. Owing to the relentless efforts of our diligent team, we have acquired a strong customer base spanning across the U.A.E and we constantly strive to achieve customer delight by delivering flawless quality products and prompt after-sales services.

# Our Factories

**Elenco Emirates Group Factory** is a group of factories diversified in scope covering most of needs when it comes to projects. The group consists of 4 main divisions; Wood Factory, Stainless Steel Factory, Metal works and Cold rooms. Each division has an independent structure and organization. The advantage that has given Elenco Emirates group to participate in different scopes when in executing projects. In addition to our trading company that offers industrial and domestic kitchens, laundries and bakeries. Our factories played a major role in the execution of almost all of our projects for providing additional scopes to the kitchen area.

**Elenco Wood Factory** division started operations in 2007. Woodworks division is committed to excellence and customer satisfaction through marketing innovative products of the highest quality. The service ranges from innovative products of the highest quality to concept development and AutoCAD designing layout with 3d presentation to comprehensive operations. Planning and fabrication, installation, commissioning and maintenance all are provided by the well trained staff. Woodworks division supplies all external and internal wooden doors, kitchens, wardrobes and customized designs of residential furniture elements, doors decorative elements as well as its accessories.

# Our Factories

**Elenco Stainless Steel Factory** Manufacturing Stainless Steel Doors Shelves and Cabinets, Refrigeration and heating units, Kitchen Hoods and extraction units and many more. The factory is located in Abu Dhabi Industrial Area and has executed more than 500 projects of stainless steel works across the U.A.E

**Elenco Metal Works** manufactures high quality metal products as per required specifications. Offering several benefits to the end-user, EEG Factory rectangular ducts and fittings are factory fabricated in a wide range of standard sizes. Just in time to cope with the increasing demand for High Quality Products, EEG Factory responded with a manufacturing facility in the new Abu Dhabi Industrial Area.

**Elenco Cold Rooms** Our latest division in our factories specialized in the production of cold rooms for commercial and industrial refrigeration: technologically innovative and flexible solutions dedicated in particular to Hotels, Restaurants and Catering sectors, as well as the Retail and Food processing sectors.

Electrical Centre

# About us

With the concept of Innovation, Diversification and Expansion ELECTRICAL CENTRE commenced its operations in Abu Dhabi in 1973.

With this definitive beginning the company has been continuously striving for excellence and as a result impeccable and dedicated services, tailor-made infrastructure, professionalism have enabled us to firmly establish ourselves as a market leader.

The company's fields of endeavor include General Agents, Representation of Companies, Importers and Distributors of all kinds of electrical products, equipment's and accessories. The excellent track record of progress and remarkable response from the respective markets within two decades gave us further impetus to instigate the pace.

Our office is situated in one of the key locations of Abu Dhabi on the Second floor of the Elenco Building, Hamdan Street with fully equipped services to meet our customer's needs and service requirements with the assistance of our well qualified engineers and professional sales executives. The main showroom is located in Elenco Building, next to Nehal Hotel, Hamdan Street, Abu Dhabi, where we demonstrate different ex-stock able products with facilities for the outside sales executives and a transit store for immediate delivery sales. In addition to promoting and marketing of our products, the Head Office offers Consultants and different Clients free design of electrical works for various types of projects which is subject to specifying our products.

During 1987 ELECTRICAL CENTRE started the local Assembly Plant under the license of SQUARED LIMITED, for Main Distribution Equipment, Street Lighting Pillars, Cut-Outs and Motor Control Centers. We are officially licensed by the local authorities and our products are approved by the Electricity Department of Abu Dhabi.

We have another Assembly and Manufacturing Plant at Abu Dhabi Industrial City located in Mussafah. This new facility is well equipped with all necessary epoxy powder painting plant and metal fabrication equipment to enable us to manufacture locally, Distribution Boards and Panel boards.

ELECTRICAL CENTRE Panel boards enjoy the distinction of having ASEFA, KEMA & DEKRA certificates and the company is ISO 9000 certified. Our quality standards are in accordance with the under Licenses agreement with SQUARE D COMPANY. We are also proud of our STOCK LEVELS US\$ 4,750,000.00 which is the approximate value of ELECTRICAL CENTRE's permanent stock and this stock is maintained monthly by regular programmed Orders with the different manufacturers.
